

To our valued customers

About the content of SVHC substances in our products

We would appreciate it if you would confirm our report on the content of the 30 SVHC substances of the candidate list (issue date: 30.03.2010) in our products.

— NOTE —

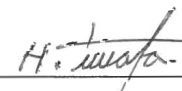

1) As of April.20.2010 we confirm, based on the information/data and knowledge we possess, that we do have no products containing 0.1wt% or more SVHC 30 substances except the following products.

Products: PKM13EPY-40S2-B0, PKM13EPP-40S2-B0, and PKM13EPYH40S2-B0  
Contained SVHC substance: Bis(2-ethylhexyl)phthalate) (DEHP) CASNo : 117-81-7  
Application: product protect tape (used in the adhesive of the tape for dust prevention)

2) We will newly report to you when we judge it is necessary to provide you with additional information in the case that we obtain new information and findings or in the case that new SVHC substances are added.
